👤 PROFILE

After graduating from Bilecik Refik Arslan Öztürk Science High School in 2019, I prepared for the exam again for 1 year. I got the right to participate in the Geomatics Engineering undergraduate program at Istanbul Technical University. I am currently studying here as a third-year student after a one-year English preparatory education. In September 2023, I was entitled to participate in electrical engineering with a double major program. I am currently an Electrical and Geomatics Engineering student at Istanbul Technical University.

🎓 EDUCATION

Istanbul Technical University, Geomatics Engineering

2020 – 2025

GPA: 3,54/4

Istanbul Technical University, Electrical Engineering

Double major GPA: 3.38

Refik Arslan Öztürk Science High School

2015 – 2019

🌐 LANGUAGES

Turkish

Native

English

Pre-Advanced

🏠 ORGANIZATIONS

Geodesy and Photogrammetry Club,

Chairman of Technical Trip Committee

International Society for Photogrammetry and Remote Sensing

International Association of Geodesy

TMMOB HKMO

📁 PROFESSIONAL EXPERIENCE

ITU - Satellite Communication and Remote Sensing Center, Intern

July 2024 – August 2024

- Interferometry
- Deformation detecting
- Data preparation for DL

Zirve Map and Cadastral Engineering Bureau, Intern

August 2022 – September 2022

Construction measurements

- Special parcellation
- Restitution survey studies
- Allotment and abandonment works

🧠 SKILLS

Python | MS Office | AutoCAD | NetCAD | QGIS |

ArcGIS | ESA SNAP | SQL | Agisoft Metashape

📜 CERTIFICATES

Driver License

B,M,F

UAV-0/1

Sport-Amateur

🎵 INTERESTS

Music, Sports, Camping, Food, Machine and Deep Learning
